Available in all fine Book, Record, and Comics Stores!

Electric Frankenstein and Dark Horse Books proudly announce the publication of *Electric Frankenstein!*, featuring over 180 of the world's best illustration Artists!

What do these famous fine art, pop/ low brow, poster, record cover, comic book, and animation artists all have in common: Kozik, Coop, Alan Forbes, Derek Hess, Bob Masse, Dave Burke, Art Chantry, The Pizz, Johnny Ace (Big Daddy Roth assistant), Jermaine, Uncle Charlie, Firehouse, Marc Almera, Mark Arminisky, Ron English, Emek, Justin Hampton, Cameron Stewart (Batman Beyond animator), Denis Loren (art director for Creem Magazine in the 70s), Brian Ewing, Gene Fama, Kerry Gammill, Dirty Donny, Gris Grimley, Eric Pigor, Cliff Mott, Nirasawa, Mitch O'Connell, Rob Orzechoski (Cracked and Hustler), Lisa Petrucci, Mad Marc Rude, Savage Pencil, Spine, Ajax, and many more?

Yes, they all created over 10 years worth of artwork for Electric Frankenstein, a much collected Rock band known world-wide (#2 of Top 500 most featured band in the press!) not only for its music but its fantastic and imaginative imagery! *Electric Frankenstein!* features wild and fantastic graphics by the very best artists around today, all under a central theme. For the first time ever, the world's greatest and most famous popular culture artists are all gathered in one place!

Poster art books have enjoyed enormous amounts of success in recent years (Kozik's books have sold over 45,000 copies!), with all of these great artists gathered in one place, this book is a veritable who's who in pop culture art today and is bound to be a fan favorite! The book also features comic book style cover art by Alan Forbes, who has designed posters for The Matrix and other blockbuster films, and an introduction by Jim Gibson, owner of the Noiseville Art Gallery and poster company. Also featured is toy art by Ajax of Big Kidz Toy.

*Electric Frankenstein!* features 160 pages of full vibrant color to showcase this incredible collection of much-sought-after poster art. The book also traces the 13 year history of Electric Frankenstein, it's role in the New Rock Revolution, and its close knit network of independent bands, poster and record cover artists, labels, promoters, and fans. It's all happening now! Fandom word of mouth is already huge over this book! Find out why all these great artists are EF fans and have sought out to do artwork for this band! Over 180 of the world's most respected Rock Poster and Record Cover artists can't be wrong!
